**Eligibility: B.Sc., Chemistry
Second Year Students and Other
College Students**

Value-added programs are courses or activities that are designed to enhance the skills, knowledge, and employability of students beyond their regular curriculum.

About the college

D.R.M. Science College, was formerly known as DRM College is the mother of all constituent schools and colleges of Bapuji Educational Association, The college which was formerly affiliated to Mysore University and then Kuvempu University now has the permanent affiliation to Davangere University, Davangere. This is an aided college, and recognized by the UGC under 2(f), 12(b) and is getting UGC grants.

About the Chemistry Department

Our department has a proud history that dates back to 1958 when we introduced the B.Sc., Chemistry (main) course. Since then, we have been dedicated to providing quality education in the field of chemistry. The department has fully fledged and well equipped four laboratories. The department encompasses well qualified dedicated teaching staffs who have the urge the students to acquire good knowledge and are merited with high quality publications from reputed publishers. There is Institution-Industry collaboration and also few MoUs with other institutions which facilitates the students to take-up the project work, which in-turn forms a platform for the placement and also for the research. In addition to academic activities, the department organizes Conference/ Seminar/ Workshop/ Special Lecture series, etc. for the benefit of the students. The department as a whole is working for the betterment of the students in particular and society in general.
